

A Hogan Lovells  
Legal Tech Brand

## Job Description | *UI/UX Designer*

We are seeking a passionate UI/UX Designer to join our growing team.

### 1. ABOUT ELTEMATE

We are ELTEMATE – A Hogan Lovells Legal Tech Brand. Our goal is to make clients' lives easier by delivering practical solutions to everyday problems. We combine a deep understanding of our clients' legal needs with the speed and innovation of a technology start-up. Our portfolio covers a large spectrum of legal tech solutions including artificial intelligence, eDiscovery, information analysis, regulatory updates, databases, deal rooms, workflow management, case management, document automation, risk assessment, reporting, and apps.

### 2. ROLE DESCRIPTION

As a UI/UX Designer, you will be responsible for designing our brand's app suite as well as working on defining the user experience throughout our application stack. You will collaborate with a cross-functional team to deliver high-class designs that help define and shape our brand, set standards and meet our clients' needs.

### 3. DUTIES AND RESPONSIBILITIES

- As a part of a great, international team you will be involved in the development of new client-facing products.
- Design ownership and leadership for all of our applications.
- Defining an application-wide design language (including web and mobile applications).
- Contributing to UI/UX design discussions and providing input on user experience improvements.
- You will drive and review existing UX processes and develop appropriate actionable recommendations as well as define an overall UX across all platforms and applications.
- Initiate and maintain an iterative UI/UX design process.

### 4. REQUIRED KNOWLEDGE, SKILLS AND EXPERIENCE

- 3+ experience in UX and UI design with knowledge of user experience, wireframing, prototyping, and creating intuitive interfaces.
- Ability to rapidly produce multiple concepts and prototypes; knowing when to apply pixel-perfect attention to detail, and when to produce low-fi sketches and prototypes.
- Excellent knowledge of Figma (or design tools like Sketch, Adobe XD or similar).
- Strong problem-solving skills and ability to work in a fast-paced environment.
- Excellent communication and collaboration skills.

5. OPTIONAL SKILLS

- Designing iOS or Android mobile applications.
- Writing frontend code (knowledge in HTML and CSS as well as modern design systems).
- You know how to work with frontend frameworks like Bootstrap, Mantine or Tailwind.

6. OTHER DETAILS

- Full-time employee (40 hours/week).
- Reports to Head of Product Development.
- Located preferably in Amsterdam (Netherlands) but willing to be flexible (EU) and can accommodate agile work environments.
- Compensation in the range of €55,000 – €68,000 depending on qualifications and experience.

7. DISCLAIMER

ELTEMATE is an equal employment opportunity employer and does not discriminate against any employee or applicant for employment on the basis of race, color, religion, gender, national origin, age, sex, disability, veteran status, marital status, sexual orientation, gender identity or any other characteristic protected by law.

If you are interested, please get in touch with us at [info@eltemate.com](mailto:info@eltemate.com). We look forward to meeting you.
